

Meet the F-35

The future of air warfare

It's the fighter jet that Donald Trump claims is "literally invisible", but invisibility comes at a staggering cost

\$17B

Total cost over life of asset

2x

Sustainment versus acquisition cost

High cost of failure

So how do we ensure the F-35 is always ready to fly?

Enter BLOCK3D

Combining digital DNA with a trusted view of the past, to better diagnose the future

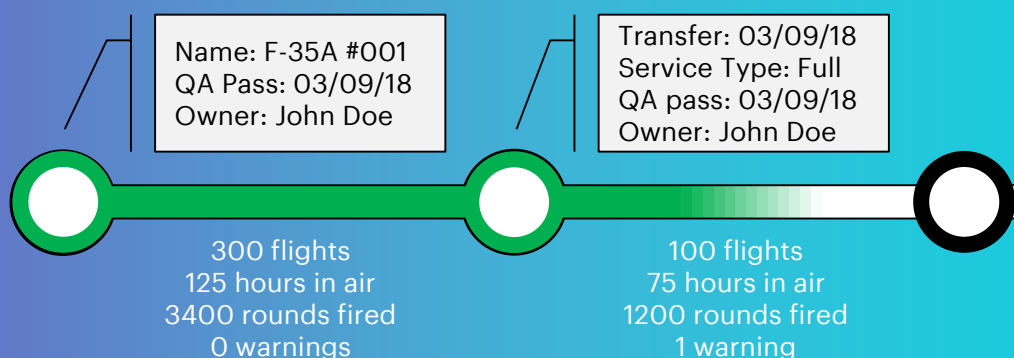

Enabled through blockchain's distributed transaction ledger

Ensuring authenticity through digital signatures

With no single point of failure

High Performance Delivered. From Strategy to Execution.

01. BLOCKCHAIN READINESS

Strategic business transformation assessment, addressing key components of the business and operating models to ensure successful blockchain implementation

02. BUILD & CONFIGURE

Holistic solution design and build that encompasses people, process, operating model and technology

03. SaaS

Focus on what matters most – your day to day – and let Accenture deploy and run the BLOCK3D environment for you
